RE: STEVEN GREEN / SSN [REDACTED]

Dear MAJ Miller:

I appreciate you taking the time over the past few months to speak with me regarding former PFC Steven Green's case. As one of his civilian defense attorneys, I want to reduce to writing what I have verbally discussed with you regarding the possibility of Mr. Green voluntarily re-enlisting in the Army in order to subject himself to the military justice system. At this time, Mr. Green's civilian defense team would like to formally begin discussions regarding this issue and I encourage you to send this correspondence up the chain of command so action can be taken as necessary to ensure this possibility is thoroughly investigated.

If an agreement is reached, Mr. Green will undoubtedly agree to testify truthfully at any proceedings involving the military co-accused. We can certainly discuss any further details of such an agreement should the Army express an interest in pursuing Mr. Green's re-enlistment.

For your information, we have already outlined this proposed disposition to the United States Attorney's Office and the Department of Justice.

Thank you in advance for your attention to this matter and please do not hesitate to contact me should you have any questions. I would appreciate your cooperation in not sharing the substance of this correspondence with anyone outside the Army and/or the United States Attorney's Office and the Department of Justice.

Sincerely,

Darren C. Wolff
